

HOME PLUMBING, INC.

Testimonials

"I have been working with Shimon Harel of Home Plumbing, Inc. since 1996. There are few subcontractors or vendors with whom I have had such a long-standing relationship. The reason for this continual relationship is Shimon's workmanship, work ethic, and morals. I will continue to use Shimon Harel and Home Plumbing, Inc. and would recommend that others do the same."

We have had a 15-year relationship with Home Plumbing, Inc. One call to Shimon, the owner, solves our problem! He shows up as promised. He does the job quickly, efficiently and within our budget. He stands behind his work. Shimon's years of experience are a great asset when he works with our tenants or other contractors. He keeps them happy and is very professional. We highly recommend Home Plumbing, Inc.

We recently had a major home remodel. We were simply amazed by how creative, resourceful, practical, and cost-effective Shimon Harel, owner of Home Plumbing, Inc., was in the transformation of each area into a standalone feature of recognition, from the walk-in, double-headed shower to the soaker tub and laundry room. Shimon provided us with many options and choices. He was responsive and helpful throughout the painstaking process. Not only would he take the time to explain why something would or wouldn't work, but he'd come up with alternatives that were better. He performed the installation and finish with precision and professionalism.

We highly recommend giving Home Plumbing, Inc. (and, specifically, Shimon) a chance to surprise you, as they did us. You will not regret it.

With much appreciation,
Maurene and Jack Wardell
